

O máximo em qualidade, o máximo em alumínio

CATÁLOGO DE PRODUTOS

Moveleira

A ALUMAX

Com uma moderna planta industrial, possuímos extrusoras de 2200/1880 US TON, automatizadas, com tecnologia de última geração e com capacidade produtiva de aproximadamente 1200 Ton/mês.

Nossos equipamentos possuem mesas de transferência de 62 metros, forno de envelhecimento com capacidade de temperar perfis de até 15,5 metros e padrões que garantem as propriedades mecânicas estritamente de acordo com as normas ABNT, ASTM e ANSI.

Os tarugos que utilizamos são de altíssima qualidade nas ligas: 6005, 6060, 6063, 6101 e 6463. Também efetuamos a rastreabilidade total do processo produtivo, visando garantir a qualidade exigida por nossos clientes.

Nossas linhas abrangem produtos voltados para a construção civil e indústrias em geral.

Situada em Vila Nova Bonsucesso, Guarulhos-SP, convidamos todos os clientes a nos fazer uma visita.
